Agility DGS – Innovation and Solutions

Northern Distribution Network/
 Afghanistan – Used Agility's vast
 commercial network to build new sea,
 rail, road supply route to move NATO
 supplies into Afghanistan through
 Turkey, the Caucasus and Central Asia.

Guam Tri-Star – Developed strategic
 petroleum storage and reserve for
 U.S. military and other government
 customers on Guam.

Haiti – Built "relief bridge" and network
 to move emergency supplies into Haiti
 following 2010 earthquake.

AMISOM – Established transport/
 warehousing capabilities to supply
 7,200-member African Union
 peacekeeping mission in Somalia.

DRMS – Developed concept to
 commercially collect, sort, demilitarize,
 scrap or repair U.S. military equipment
 in Iraq.

"The concepts we've developed have generated millions in savings for our customers."
